

**NOTICE FROM THE CITY OF MONTEREY
PLANS AND PUBLIC WORKS DEPARTMENT
TO THE RESIDENTS OF THE
300 BLOCK OF VAN BUREN STREET**

Curb, gutter, sidewalk and street work on the 300 block of Van Buren Street begins as soon as September 27 and will last through October. Work will be done on one side of the street and then move to the other side. The improvements will change the design of the curb and gutter, and will facilitate street parking. Once the concrete work is cured, crews will return at a later date to grind and pave the street.

During construction, street parking will be affected, traffic control will be in place, and at times traffic may be reduced to one way or be flagged. Work hours are 7 a.m. to 7 p.m.

This project is funded by CDBG (Community Development Block Grant) funds, the NIP (Neighborhood Improvement Program), and the gas tax.

If you have any special assistance requests due to ADA requirements, please contact the Engineering Office at (831) 646-3921.

The City of Monterey appreciates your patience and understanding during this important infrastructure improvement project.
