Scholarships "Playships"

Playships are considered on a case by case basis for individuals and families experiencing unforeseen financial hardship.

How do I obtain a "Playship?"

1. Request a Playship form at the Front Desk.
2. Complete the form and attach your latest 1040 or an approved substitute.
3. The Sports Center Manager will contact you to discuss your request.

Why does the Monterey Sports Center request financial information?

First, we want to be sure that Playships go to those who need them the most. Second, with information on income and family size, we are able to award Playships in a fair and consistent manner.

Who will see my request?

Your information will be held in complete confidence and will be seen only by the Monterey Sports Center Manager and Administrative Assistant.

How long will the "Playship" continue?

Playships will usually be granted for a specific time period. Upon expiration, if assistance is still needed, you may ask for an extension.

The amount of funds available for Playships is based on the profit derived from the selling of merchandise and contributions made directly to the Playship fund.

CHOOSING A SWIMMING CLASS THAT'S RIGHT FOR YOU:

The Monterey Sports Center has a variety of swimming classes to choose from. The classes are broken into 5 categories. Our hope is you will be able to find the program that fits you or your child's ability and age.

CATEGORY 1: Parent/Tot Program (ages 6-36 months)

CATEGORY 2: Preschool Program (ages 3-5 years)

CATEGORY 3: Progressive Level Program (ages 6-13 years)

CATEGORY 4: Adult Swimming Instruction (ages 14-Seniors)

CATEGORY 5: Private or Semi-Private Instruction (all ages)

CATEGORY 1-PARENT/TOT PROGRAM: For infants and toddlers from 6 months through 36 months. Parent/guardian participation in the water is required.

Starfish: This class focuses on getting children accustomed to the water through playful interaction and games. This course does not teach children to be accomplished swimmers or to survive in the water. Once the child has reached 3 years of age, they can enroll in the Preschool Program classes. Parent participation is required. **Note: Children who are not potty-trained must wear a swim diaper under swimsuit.**

CATEGORY 2-PRESCHOOL PROGRAM: For children 3-5 years old. There are several options in this category that allow a preschool age child to continue their progress in swimming. The levels allow for further advancement for the toddler but keeps them in a class with their peers. Once the child completes the Preschool Program they are ready to enter into the Progressive Level Program at the Penguin or Seahorse class level.

Sea Turtle: This class focuses on water adjustment through games and playful interaction in the water. Basic swim skills are introduced. The purpose of this class is to develop a comfort level in the water that will prepare the toddler to learn how to swim. Parent participation in the water is optional, but the child must be able to take direction from an instructor if the parent does not participate.

Angelfish: For children who have already been introduced to the water and are comfortable enough in the water to begin to learn the basics of swimming. Instruction focuses on supported floating and beginning arm movements, as well as, rhythmic bobbing. Parent participation in the water is discouraged.

Otter: For children who have acquired basic skills such as supported floating and rhythmic bobbing. Unsupported floating and gliding, as well as, front and back crawl arm movements are taught. Personal safety skills are introduced.

Polar Bear: Instruction builds on previously learned skills and introduces elementary backstroke. Deep water safety skills are taught such as bobbing to safety and treading water. Diving from the side of the pool is introduced. Upon successful completion of this class, the participant should be ready to enter into the Penguin or Seahorse class of the Progressive Level Program.

CATEGORY 3-PROGRESSIVE LEVEL PROGRAM: This program is for children 6-13 years old or children who have completed the Polar Bear level. The classes are broken down into levels that build on the skills learned in the previous level. The prerequisite for each class is to be able to perform the skills from the preceding level. Preschool age children who have completed the Polar Bear class can enroll in the Progressive Level Program starting in the Penguin or Seahorse class.

Goldfish: This level is for beginners. The class focuses on water adjustment basic swim skills such as floating, gliding, front and back crawl arm movements. The purpose of this class is to develop a comfort level in the water.

Penguin: Instruction builds on previously learned skills and is designed for children who have already learned the basics of front and back crawl. This class introduces elementary backstroke and deep water safety skills such as bobbing to safety and treading water. Diving from the side of the pool is also taught.

Seahorse: For children who have learned how to coordinate front crawl with side breathing, and have also learned, but not mastered, back crawl and elementary backstroke. At this level breaststroke and sidestroke skills are incorporated.

Seal: At this level front and back crawl, and elementary backstroke coordination should be mastered. Breaststroke and sidestroke skills are refined and butterfly is introduced. Safety and rescue skills.

Dolphin: Students should have been introduced to all 6 strokes by this level: Front and back crawl, elementary backstroke, sidestroke, breaststroke, and butterfly. This class focuses on refining each of the strokes. Competitive turns are introduced and age appropriate safety skills are taught.

CATEGORY 4-ADULT SWIMMING INSTRUCTION:
