

# County of Monterey

*Proudly serving the community since 1850*

## **County Health Permits**

Information regarding the requirements for obtaining a health permit within the City is also provided in Article 3. Please note that the City of Monterey does not issue health permits. The Environmental Health Division of the County of Monterey Department of Health is responsible for the issuance of these permits. The information is included in this website as a courtesy to those who may be considering starting a business in Monterey that may require the issuance of a health permit.
